Welcome to the beginning of your beautiful health journey! ✨

This assessment form is not just a set of questions, it's a window into your lifestyle, habits, emotions, routines, food choices, sleep, stress, and the real YOU.

The more honestly you share, the more precisely I can understand your body, your challenges, and what truly works for you.

There is no right or wrong answer here.

No judgement. No pressure. No perfection expected. :)

This is simply about awareness and awareness is where transformation begins 🌱

Every answer you give helps me design a plan that fits your life, not one that forces you into unrealistic rules

Think of this as us laying the foundation together, strong, realistic, and sustainable.

Once this form is filled, your personalised health journey officially begins!! :)

A few important points to remember while filling the assessment form:

- Take your time and fill it in a calm, relaxed state of mind
- Please answer honestly, even if you feel something isn't "ideal".
- If something doesn't apply to you, simply mention it
- This form is the first step towards understanding your body better and I'm excited to start this journey with you
